Earman noted the CIB item on Friday which included references to the conscription program in South Vietnam. He made the point that this might become a policy matter in the USG. The DCI agreed and noted that this should be watched carefully and should the problem intensify in South Vietnam, a memorandum might be prepared to pass to the White House.

In response to a question from the DCI, the Executive Director noted that he had the DDI memorandum on Recommendations for R & D and NPIC which he would discuss with the Director today.

The DCI noted that he will be briefing a few Senators this morning on the proposed Consular Convention with the USSR. He invited John Warner to accompany him.

The Executive Director noted a statement by Senator Young of Ohio in the Congressional Record which reported that Agency personnel abroad tended to live ostentatiously. (See Action Item 3)
